

## PRESS RELEASE

### **Kheper Games, Inc. Launches New Drink if... Game**

Kheper Games, Inc. is proud to release its newest drinking game, *Drink if...*

*Drink if...* is a drinking game for 3-20 players that has extremely easy game rules to follow. Roll a die, say “Drink if...” and then read the item next to the number you rolled. For example, “Drink if a friend’s mom has ever called you looking for her kid.” Or “Drink if banjo music makes you think of incest.” Then any player who would say yes, does so by taking a drink.

You’ll never run out of fun things to drink to with 1200 reasons to drink (200 cards). The game can be played easily at any type of party, or happy hour, because people can exit and reenter the game at any time. It also works as an ice breaker around people you don’t know very well, or even over a video call.

“As people are able to start having more social events, we felt it was very important to come out with another extremely flexible party game.” explains CEO Brian Pellham. “Rules need to be easy to follow, as they are with all our games. This game also has our unique humor as well so things can get dirty and hilarious very often. It can even be played with two players, but we recommend at least three.”

*Drink if...* is a follow up game to their 2020 best-selling *What if?* party game. Kheper Games, Inc. also has an extensive line of party games, including: *Extreme Personal Questions*, *Making Bad Situations Worse*, *The World’s Most Ridiculous Drinking Games*, the full family of *What the F\*ck?games*, *THC*, *Pothead Against Sanity*, and many, many more.
